Tom Echols

Tom Echols is owner of Echo Marine, Ltd. located in Highlands, TX.

Tom recently stated:

"We have re-powered all of our boats with Mitsubishi Heavy Duty Marine Propulsion Engines. The first two boats (the M/V Tommy E and the M/V Nita E) both got the 483 hp S6A3-MPTA. The performance has been excellent, we have 32% more power than we had with the old 12V-71, and fuel consumption is low. Our experience with these two boats, both from a performance and support perspective is so good that we recently also re-powered the M/V Capt Tom Echols, Sr. with Mitsubishi S6R-MPTA, a 590 hp @ 1600 rpm, 24 liter diesel engine. Like the previous boat, we are getting more power, larger displacement and excellent fuel economy."
